

This company is not licensed as an insurance carrier in Louisiana. I'm not sure if this is the same guy (operating out of the Caribbean) that once defrauded Home Inspectors using a phony logo of The Hartford, but the Miami area code makes me suspicious. It IS certain that Sinclair is not legit in LA. These monthly premiums were for approx. \$89.00. Remember, if the price sounds too good to be true, it probably is.

I've had discussions with the Treasury Department and the Washington State Justice Dept about the Hartford joker. I will pass this info on as well. The Hartford fraud was once a well-respected leader with a national home inspection trade organization, before he allegedly went over to the coward's side. Unfortunately, these scumbags exist – don't trust anyone when buying insurance. We check new companies often with the Insurance Commission. Caveat emptor, unfortunately.
